# ERMINATING CO.

Best Exterminators  
in the South

Statistics it takes the labor  
men to furnish feed for rats  
and this, rats spread fevers,  
and filthy and loathsome dis-  
ease dollars to be destroyed

is a scientific study of the  
most perfected an infallible  
destruction of these filthy,  
disease-breeding, property-destroying pests. We trap the  
rats by the use of our own scientific traps, which are made  
in our own shop and protected by patents.

We invite correspondence from individuals, firms and  
municipalities. We are prepared and are especially anxious  
to make contracts with cities and towns, everywhere.

We also manufacture **KING RAT POISON**, positively  
the most attractive and efficient rat poison on earth. Rats  
dying from eating this poison usually leave the premises  
before dying and cause little or no odor, as the poison used  
is a thousand times more preserving than salt. Rats eat  
this poison freely and their bodies dry up or mummify.

## PREFACE

No city or town of today can expect to prosper or progress without making adequate municipal improvements; without such it will never be looked upon as being any good, or having any future; but simply will be called dead or a has-been. In business circles, the City Directory is just as important to the health and vigor of a business, whatever line it may be, as municipal improvements are to the health and vigor of a town; they both go hand in hand; they both mean progress; for they both stand for

### EFFICIENCY

which fact is being more vividly demonstrated every day; for there are thousands of City Directories in use now, where there were to be found comparatively few only a very short period ago.

The business world has awakened to the realization of this need; and there are few towns of any consequence that do not have a City Directory. Just how up-to-date or complete the Directory is, depends in most cases upon the support accorded to the publishers, provided, of course, that they know their business.

It is an old saying that you can judge a man by the clothes he wears—whether this be true or not matters little; we all know that it is generally done; often no doubt to the disadvantage of some one. Just as much as man is judged by his clothes, just so much is the business life and activities of a town or community judged by its Directory; because the Directory is the most complete and the only recognized standard book of reference regarding the citizens of a community, their address, occupation or kind of business in which they are engaged. When you consult a Directory of a town, you can easily determine if it is up to the standard, and if you find it to be well patronized, you need not be told that it belongs to a live community—the fact is self-evident.

It is therefore with pleasure that we present Vol. XVII of the Winston-Salem, N. C., City Directory, for the fact is self-evident, that we are doing business in a live community.

## A NEW WEEKLY

It tells about the Section of Country embraced by the Counties of Yadkin, Davie, and Forsyth, which have been linked together by a common interest in recent years, the three Counties which have been "Front Liners" as Bridge Builders and workers in common for Good Roads. Livestock is a thing of present interest to all three Counties. All are somewhat similar in soil, as all are in the Piedmont Section of North Carolina.

It will tell about the traditions and will relate the history of these counties. Local happenings, news and current history and events will have a wide place in each issue. Baden, the great industrial town, will be featured.

Prices on the Tobacco Market, and other market news will be carefully kept up with

A new \$7,000 equipment has been purchased to take care of this paper. The price is \$1.00 per year.

The advertising rates are 25 cents per inch.

Address, The Weekly Herald, 224 South Main St., Winston-Salem, N. C.

# GILLETTE SAFETY TIRES AND TUBES

WHICH ARE MADE BY THE  
DAMASCUS CHILLED RUBBER PROCESS

are like ordinary tires somewhat the same way as steel is like ordinary iron. The development of the Chilled Rubber Process has established a new and higher standard in the making of pneumatic Tires and Tubes. Under our system of vulcanization, every ounce of fabric and rubber is impregnated with a secret preparation which hardens the rubber, without robbing any of the natural elasticity from the natural rubber. The result is a tire that won't crack or chip, is closer grained, less porous, in all—wearproof.

That's the reason that Gillette Safety Tires and Tubes are establishing new records in resiliency, wear resistance, and mileage.

You will find these Tires at your dealer's, if not advise E. B. PARKS & CO., Factory Distributors and Branch Managers, Winston-Salem, N. C.

## Winston-Salem, N. C.

Vol. XVII

THE PIEDMONT SERIES

1918

NOTE—Patronize those whose names are in large type, for they are the progressive ones and generally leaders in their lines.

~~Star~~ Index appears in front of special business headings only, for which an extra charge is made.

\*Star in front of name generally means colored person.

Where the number and the name of the street only is given, the place of business is located in Winston, otherwise the name of the place follows the street address.

NESS AND OFFICE MAN NEEDS**

## **BUMP'S NEW PAPER FASTENER**

Simply insert papers to be fastened into the fastener, press the handles together, release them and the work is done.

It is a handy little nickel plated machine to keep on your desk.

One pressure of the handles fastens two to ten papers neatly and permanently.

You'll Like This New Paper Fastener.

If you are tired of pins, staples and clips—If you appreciate clean and roomy filing cabinets, devoid of unrelated papers caught together by old fashioned clips—If you desire to fasten your papers together quickly, permanently and neatly, this is what you need.

Let us send you one of these newer and better paper fasteners.

Price Prepaid.....\$2.00

# The Slater Industrial and State Normal School

For Colored Youth of Both Sexes  
Winston-Salem, N. C.

---

---

## Location:

This Institution is ideally located at an elevation of 1,000 feet above sea level; the water is the best and the climate unsurpassed.

Winston-Salem is reached by three great systems of Railroads, and is easily accessible from all parts of the state.

## Accommodations:

The accommodations are all that could be desired. A splendid new girls' dormitory was occupied last session, and excellent accommodations are offered in commodious separate dormitories for girls and boys.

The buildings are steam heated, electric lighted, and equipped with all modern conveniences.

## Courses and Training Offered:

Academic, Normal, and Industrial Courses are offered to prepare for teaching and life. A strong Faculty has charge of the work.

## Expenses:

Tuition free to Boarding Pupils.	
Board, room, fuel and light, per month.....	\$10.00
Laundry, per month, for boys.....	1.00
Girls do their own laundering in a well equipped laundry furnished by the School.	
Entrance fee when enrolling.....	3.00
